

## פיתרון תרגיל מספר 3

```
int score1, score2, score3, score4, average;  
  
Console.WriteLine("Please enter score1: ");  
score1 = Convert.ToInt32(Console.ReadLine());  
  
Console.WriteLine("Please enter score2: ");  
score2 = Convert.ToInt32(Console.ReadLine());  
  
Console.WriteLine("Please enter score3: ");  
score3 = Convert.ToInt32(Console.ReadLine());  
  
Console.WriteLine("Please enter score4: ");  
score4 = Convert.ToInt32(Console.ReadLine());  
  
average = (score1 + score2 + score3 + score4)/4;  
Console.WriteLine("The average is: {0}", average);  
  
Console.ReadLine();
```
